

Suburbs @ The Holroyd

Venue Specs

**PLEASE NOTE THAT WE ARE ALWAYS UPDATING AND IMPROVING THE VENUE!
THIS INFORMATION IS LIABLE TO CHANGE**

LIVE RECORDING

We are a pilot venue with Setmixer.com. All live sets at this venue are automatically recorded in 24bit, 48khz multitrack audio files, however, all performance copyright and composition copyrights belong to you, the artists. This means that no recordings can be used without you, the artists, express agreement. Setmixer contacts all artists after their performance to ask if you would like to download your set, if not then your recordings are not used.

If you would like to listen to your mp3 preview mix of your set or download a copy of the multi-track recordings, please fill in the form on the setmixer website: <https://www.setmixer.com/artists>. For any questions, please contact artists@setmixer.com We cannot be held responsible for any technical issues within the venue on the night that may result in sets not being recorded.

Due to increasing costs and overheads, we are now operating the following policy.

The venue hire will remain free with a 100% door deal for the person hiring the venue with the only cost being £15 per hour for our sound engineer, which is non-negotiable and compulsory.

However, we will now be taking fully refundable deposits:

Monday - Thursday events = £100 deposit refunded on the sale of 20 tickets

Fri & Sat events = £250 deposit refunded on sale of 40 tickets
